**Subject:** This evening

Dear Skylor,

I talked with Beth in your office to make sure you received my message. Due to current family situation and considering what is best for our family in terms of attaching or detaching a garage, we are going to press pause on the project. We need more time to consider our options to make the best decision for our family.

I'll be in touch soon once we figure out our next steps. Again, Skylor, thank you!
