RE: PUD II application before Township Trustees

Dear Harry:

Capital Investment Group, Inc. is hereby requesting to present a mixed use PUD II plan called The Gallery at Kenwood for approval by the Sycamore Township Trustees at the Trustees regularly scheduled meeting on September 6th, 2018. Initially we had requested to be on the August agenda but we would like to postpone to September as we make additional enhancements to the project. The application is for the 7.2 acres of developed land that currently contains multi-unit buildings as shown on the attached plat. Please let me know when all materials for submission need to be at the township offices, so that we can comply with any submission deadlines.

Best regards,

Gregg Fusaro
Regional Development Partner
Capital Investment Group, Inc.
