We, the undersigned, all being residents of Sycamore Township, strongly support the Capital Investment Group project at Kenwood and Happiness Way. This project is surrounded on 3 sides by Commercial uses and it is consistent with the 2008 Land Use Plan for the Township. Furthermore, this project increases revenue significantly for Sycamore Township and the Deer Park School District, and keeps our property taxes low. We the undersigned strongly encourage the Trustees to support this great project to benefit ALL of the residents of Sycamore Township
