

P.U.D. (PLANNED UNIT DEVELOPMENT)

Once operated by the Hamilton County Zoning Department, Sycamore Township residents voted in November 1998 to [establish Township-controlled zoning](#), in which the Township's elected officials, the Trustees, would make final zoning decisions. For any PUD case, first, the Sycamore Township Zoning Commission would hear the case. The Zoning Commission is a commission of five Township residents appointed by the Trustees. On most Township land use and site arrangement matters, the Zoning Commission makes recommendations to the Trustees. At a separate meeting, the Trustees then hear the case and render a decision.

Related to future land use, the Township maintains a [Township Land Use Plan](#). From the land use plan, the following maps discuss future land use: Figure 3-4 – [Future Land Use – Sycamore North](#); Figure 3-5 – [Future Land Use – Sycamore South](#); Figure 3-6 – [Future Land Use – Sycamore West](#).

WHAT IS A SPECIFIC PLANNED UNIT DEVELOPMENT (S-PUD)? An S-PUD, generally a product of a rezoning and/or substantial land use changes influenced by a rezoning, is a legislative means of land regulation that promotes large-scale, unified land development by means of mid-range, realistic programs in pursuit of physically-curable, social, and economic deficiencies in land and cityscapes. Where appropriate, this development promotes:

- A mixture of both land uses and dwelling types, with at least one of the land uses being regional in nature;
- The clustering of residential land uses providing public and common open space;
- Increased administrative discretion to a local professional planning staff while setting aside present land use regulations and rigid plat approval processes;
- The enhancement of the bargaining process between the developer and the Township, which in turn strengthens the Township's site plan review and control over development. The results may be improved land use efficiency, multiple land uses, and increased residential densities.

WHAT ARE A PUD-1 AND A PUD-2? In cases where there is not a rezoning, but there is a change of use review or a review triggered by a sufficient change on a parcel, the following administrative review process may be required as directed by Zoning Resolution (generally ISR or Impervious Surface Ratio is the indicator which dictates whether PUD-1 or PUD 2 is employed):

PUD-1: An administrative planned unit development whose net density, change of use, or intensity requires Sycamore Township Zoning Commission approval. In a PUD-1 case, if the subject parcel also does not conform to Sycamore Township Zoning Resolution standards, it is likely that the Township would require conditioned conformance improvements as a result of a PUD-1 case.

PUD-2. An administrative planned unit development whose net density, change of use, or intensity requires both Sycamore Township Zoning Commission and Township Trustee approval. In a PUD-2 case, if the subject parcel also does not conform to Sycamore Township Zoning Resolution standards, it is likely that the Township would require conditioned conformance improvements as a result of the PUD-2 case.

HOW DOES ONE KNOW IF THEIR PROPOSAL IS A PUD-I OR A PUD-II? Proposed planned unit developments whose net densities or intensities fall within the PUD-1 or PUD-2 range, as shown in the Table of Permissible Uses in Chapter 3 of the Sycamore Township Zoning Resolution, will be classified as a PUD-1 or a PUD-2 hearing. This may be determined by completing an Impervious Surface Ratio worksheet.

HOW DOES ONE APPLY FOR A PUD? An application for an S-PUD, a PUD-1, or a PUD-2 will be accepted only after: 1. The Planning & Zoning Department has declined to issue a zoning certificate; 2. A pre-application meeting with Township staff has occurred with the applicant. The pre-application meeting may occur in person or via digital means. Following the staff pre-application meeting, if the applicant should choose to proceed with the project, the completed application packet and application fee shall be filed with the Planning & Zoning Department by the deadline date outlined.

WHAT IS THE COMPLETE S-PUD, PUD-1, AND PUD-2 PROCESS?

1. Pre-application meeting

This informal meeting is of benefit to the applicant to ensure the applicant submits a thorough and complete application. In a discussion of a potential project, the pre-application meeting also allows the applicant to brainstorm with staff so that staff might provide valuable insight to the applicant related to Township expectations and vision.

The applicant is required to meet with the Township Planning & Zoning Administrator to discuss the proposal and the process. During this pre-application meeting, the Township will provide the application materials and information for any approved plans for the surrounding area. The pre-application meeting may occur in person or via digital means.

2. Submission

Should the applicant choose to proceed with the process after a pre-application meeting with staff, has occurred. All required drawings, fees, the application, and letters must be submitted by the date outlined. The applicant is responsible for distributing plans to outside agencies for review and comment. Incomplete applications will not be accepted.

4. Sycamore Township Zoning Commission (For S-PUD's, PUD-1's and PUD-2's)

The applicant and the Planning & Zoning Department present the case before the board. The Township will provide all presentation materials and graphics via a computer presentation. Comments from surrounding property owners may be heard at this time. The Commission will make a recommendation to the Township Trustees in S-PUD and PUD-2 cases. In the case of a PUD-1 major adjustment, the Zoning Commission will hear the case and render a decision.

5. Sycamore Township Board of Trustees (For S-PUD's and PUD-2's Only)

The applicant and the Planning and Zoning Department present the case before the Board of Trustees. The Township will provide all presentation materials and graphics in a computer presentation. During this hearing, comments from the applicant and surrounding property owners may again be heard. The Board of Trustees will hear the case and render a decision.

6. Thirty (30) Day Referendum/Appeal Period

Any binding decision made by the Zoning Commission (e.g., a PUD-1) is not official until a period of 30 days has passed. During that time, the decision may be appealed to the Hamilton County Court of Common Pleas by a surrounding property owner or the applicant.

Any binding decision made by the Board of Trustees is a legislative act and is not official until a period of 30 days has passed. During that time, any decision made by the Township Board of Trustees would not be subject to a judicial appeal, but a referendum.

PUD APPLICATION COMPLETENESS CHECKLIST

A full digital set of all materials shall be provided.

The application shall be provided.

The letter of intent shall be provided.

For plans, two 24"x36" sets of all plans shall be provided.

For plans, one 11"x17" set of all plans shall be provided.

All plans must be professional plans – hand-drawn plans will not be accepted.

- ☐ **1. Metes and Bounds Description:**
- ☐ a. A metes and bounds description of the subject site;
- ☐ b. The amount of area contained within the site, and
- ☐ c. A statement, signed by a registered surveyor, certifying that the description of the property proposed to be developed is a complete, proper and legal description thereof.

- ☐ **2. Letter of Intent:**
- ☐ a. A description of the proposed rezoning of the premises
- ☐ b. The size of the area involved
- ☐ c. A description of proposed use (for land or building)
- ☐ d. Character of development (architectural treatment, density, intensity)
- ☐ e. Description of surrounding land uses
- ☐ f. The specific changes in the character and conditions of the area which have occurred to make the property no longer suitable or appropriate for the existing zoning classification or to make the property appropriate for the proposed use
- ☐ g. The effect on (1) community objectives and plans (2) character of the immediate area (3) adjacent property (4) public facilities and services
- ☐ h. Other information the applicant feels may be pertinent and would be helpful to the Zoning Commission and Board of Trustees in their review

- ☐ **3. Zoning Plat:**
- ☐ a. All existing property lines and parcel numbers for each parcel within subject site and within 200 feet of exterior boundary of the subject tract, and the last name of the owners within 200 feet
- ☐ b. Metes and bounds and dimensions of subject property and area contained therein (in acres)
- ☐ c. Existing zone districts (shown in dashed lines with heavier line weight than property lines) and zone designations (for site and adjacent areas)
- ☐ d. Title, Scale and North arrow (North shall be at the top of the plat)
- ☐ e. Area of proposed rezoning indicated by crosshatching or shading
- ☐ f. Street names and right-of-way lines with line weight heavier than property lines
- ☐ g. Distance from subject property to nearest street intersection and or section corner
- ☐ h. Proposed zone district lines shall extend to the centerline of all dedicated streets; and
- ☐ i. Surveyor's stamp

- ☐ **4. Existing Features:**
- ☐ a. Existing property lines, right-of-way, and utility easements for the entire tract and each parcel involved
- ☐ b. Location of existing zone boundaries and up to 200 feet outside the subject site
- ☐ c. Existing contour lines (dashed) at ten-foot intervals or less and including 200 feet beyond to determine storm drainage. Indicate sources and date of data
- ☐ d. Existing trees and shrubs
- ☐ e. Location of watercourses and areas subject to 50-year flood and 100-year flood (indicate source)
- ☐ f. the use and approximate location of existing structures, pavements, sanitary and storm sewers, sidewalks and curbs, and other physical and natural features (indicate structures to be demolished in dashed lines)

5. Proposed Features:

- ☐ a. Name of project, date, scale, North arrow (with North at the top of the plan), map title, title, total number of sheets and sheet number
- ☐ b. Name of the applicant, present owners and person preparing map

- ☐ c. Vicinity map that identifies the site with references to surrounding areas and existing street locations
- ☐ d. Zone (gross) area of entire site; site (net) area including right-of-way
- ☐ e. Summary table with the following information:
 - ☐ 1. proposed use of all facilities
 - ☐ 2. floor area including basements (if non-residential)
 - ☐ 3. number of dwelling units
 - ☐ 4. parking spaces required; parking spaces provided
 - ☐ 5. seating capacity (where appropriate)
 - ☐ 6. impervious surface ratio
- ☐ f. Perimeter boundary of subject site (excluding right-of-way)
- ☐ g. Metes and bounds and dimensions of requested zone change area
- ☐ h. The general location and use of all proposed structures on the subject site including buildings, recreation facilities, parking facilities, trash stations, dumpsters, fences, walls, sidewalks, curbs, mechanicals, etc.
- ☐ i. Location and dimensions of future building additions and phases of implantation if contemplated
- ☐ j. Location and dimensions of proposed off-street parking. Show individual parking spaces, loading areas, aisles, and traffic patterns, driveways for ingress and egress and type of pavement
- ☐ k. Specify front, side and rear yard setbacks of structures and parking areas (indicate if at variance with Zoning Resolution)
- ☐ l. Generalized location of anticipated earthwork
- ☐ m. Location and Dimensions of proposed streetscape buffer, boundary buffer and interior parking lot landscaping,
- ☐ n. Construction limits (area to remain undisturbed); location of existing trees and shrubs that will remain and their appropriate diameter or form of canopies
- ☐ o. Location, dimension, and number (including heights and sq. ft.) of all signs, location, and general type of exterior lighting (including height, cut-off angle)
- ☐ p. Location and details of proposed traffic improvements such as acceleration and deceleration lanes, channelization, etc.
- ☐ q. Location and dimensions of right-of-ways, easements, and all land to be dedicated to the Township, County, or reserved for specific uses
- ☐ r. Typical sections of all right-of-ways
- ☐ s. Location of proposed retention and detention basins and stormwater management

6. Preliminary Grading Plan: The applicant is required to submit a preliminary grading plan identifying proposed contour lines at 2-ft intervals. The contour lines shall be extended to the adjacent property lines and/or rights-of-way.

7. Plan-Color/Presentation Copy – The color proposed development plan shall not be mounted and will be kept as part of the file.

8. Architectural Graphics:

- ☐ 1. elevations
- ☐ 2. cross sections
- ☐ 3. typical floor(s)
