City of Blue Ash: Kenwood Road Bridge Reconstruction Road Closure

Dear Resident:

The City of Blue Ash has contracted with Sunesis Construction for the Kenwood Road Bridge Reconstruction Project. The project is located approximately 937 FT south of Pfeiffer Road, on Kenwood between the cross streets of Pfeiffer Rd. and Zig Zag Rd. The work will consist of reconstructing the existing failing bridge and rebuilding the pedestrian bridge. Due to the extensive work on the bridge and minimal safe spacing for motorists and pedestrians, both Kenwood Road and the sidewalk will be closed to all traffic for the duration of the construction. **Kenwood Road will be closed to all traffic at this location for 2 ½ months tentatively starting on June 3, 2024.** Please look for project updates regarding the road closure and construction on the City of Blue Ash website.

During the road closure a detour route will be available on the City's website and posted on social media. Please see attached for the proposed detour route. As with all construction projects, schedules are dictated by the weather conditions and the schedule is likely to change during the project. We will post construction updates to the City of Blue Ash website as they are made available. The City of Blue Ash recognizes the inconvenience to traffic during the construction. The City appreciates your cooperation and understanding on this matter. Questions regarding the work should be directed to Will Davis, with the Public Works Department at wdavis@blueash.com.

Sincerely,

Will Davis
Engineering Technician
