PROJECT TIMELINE

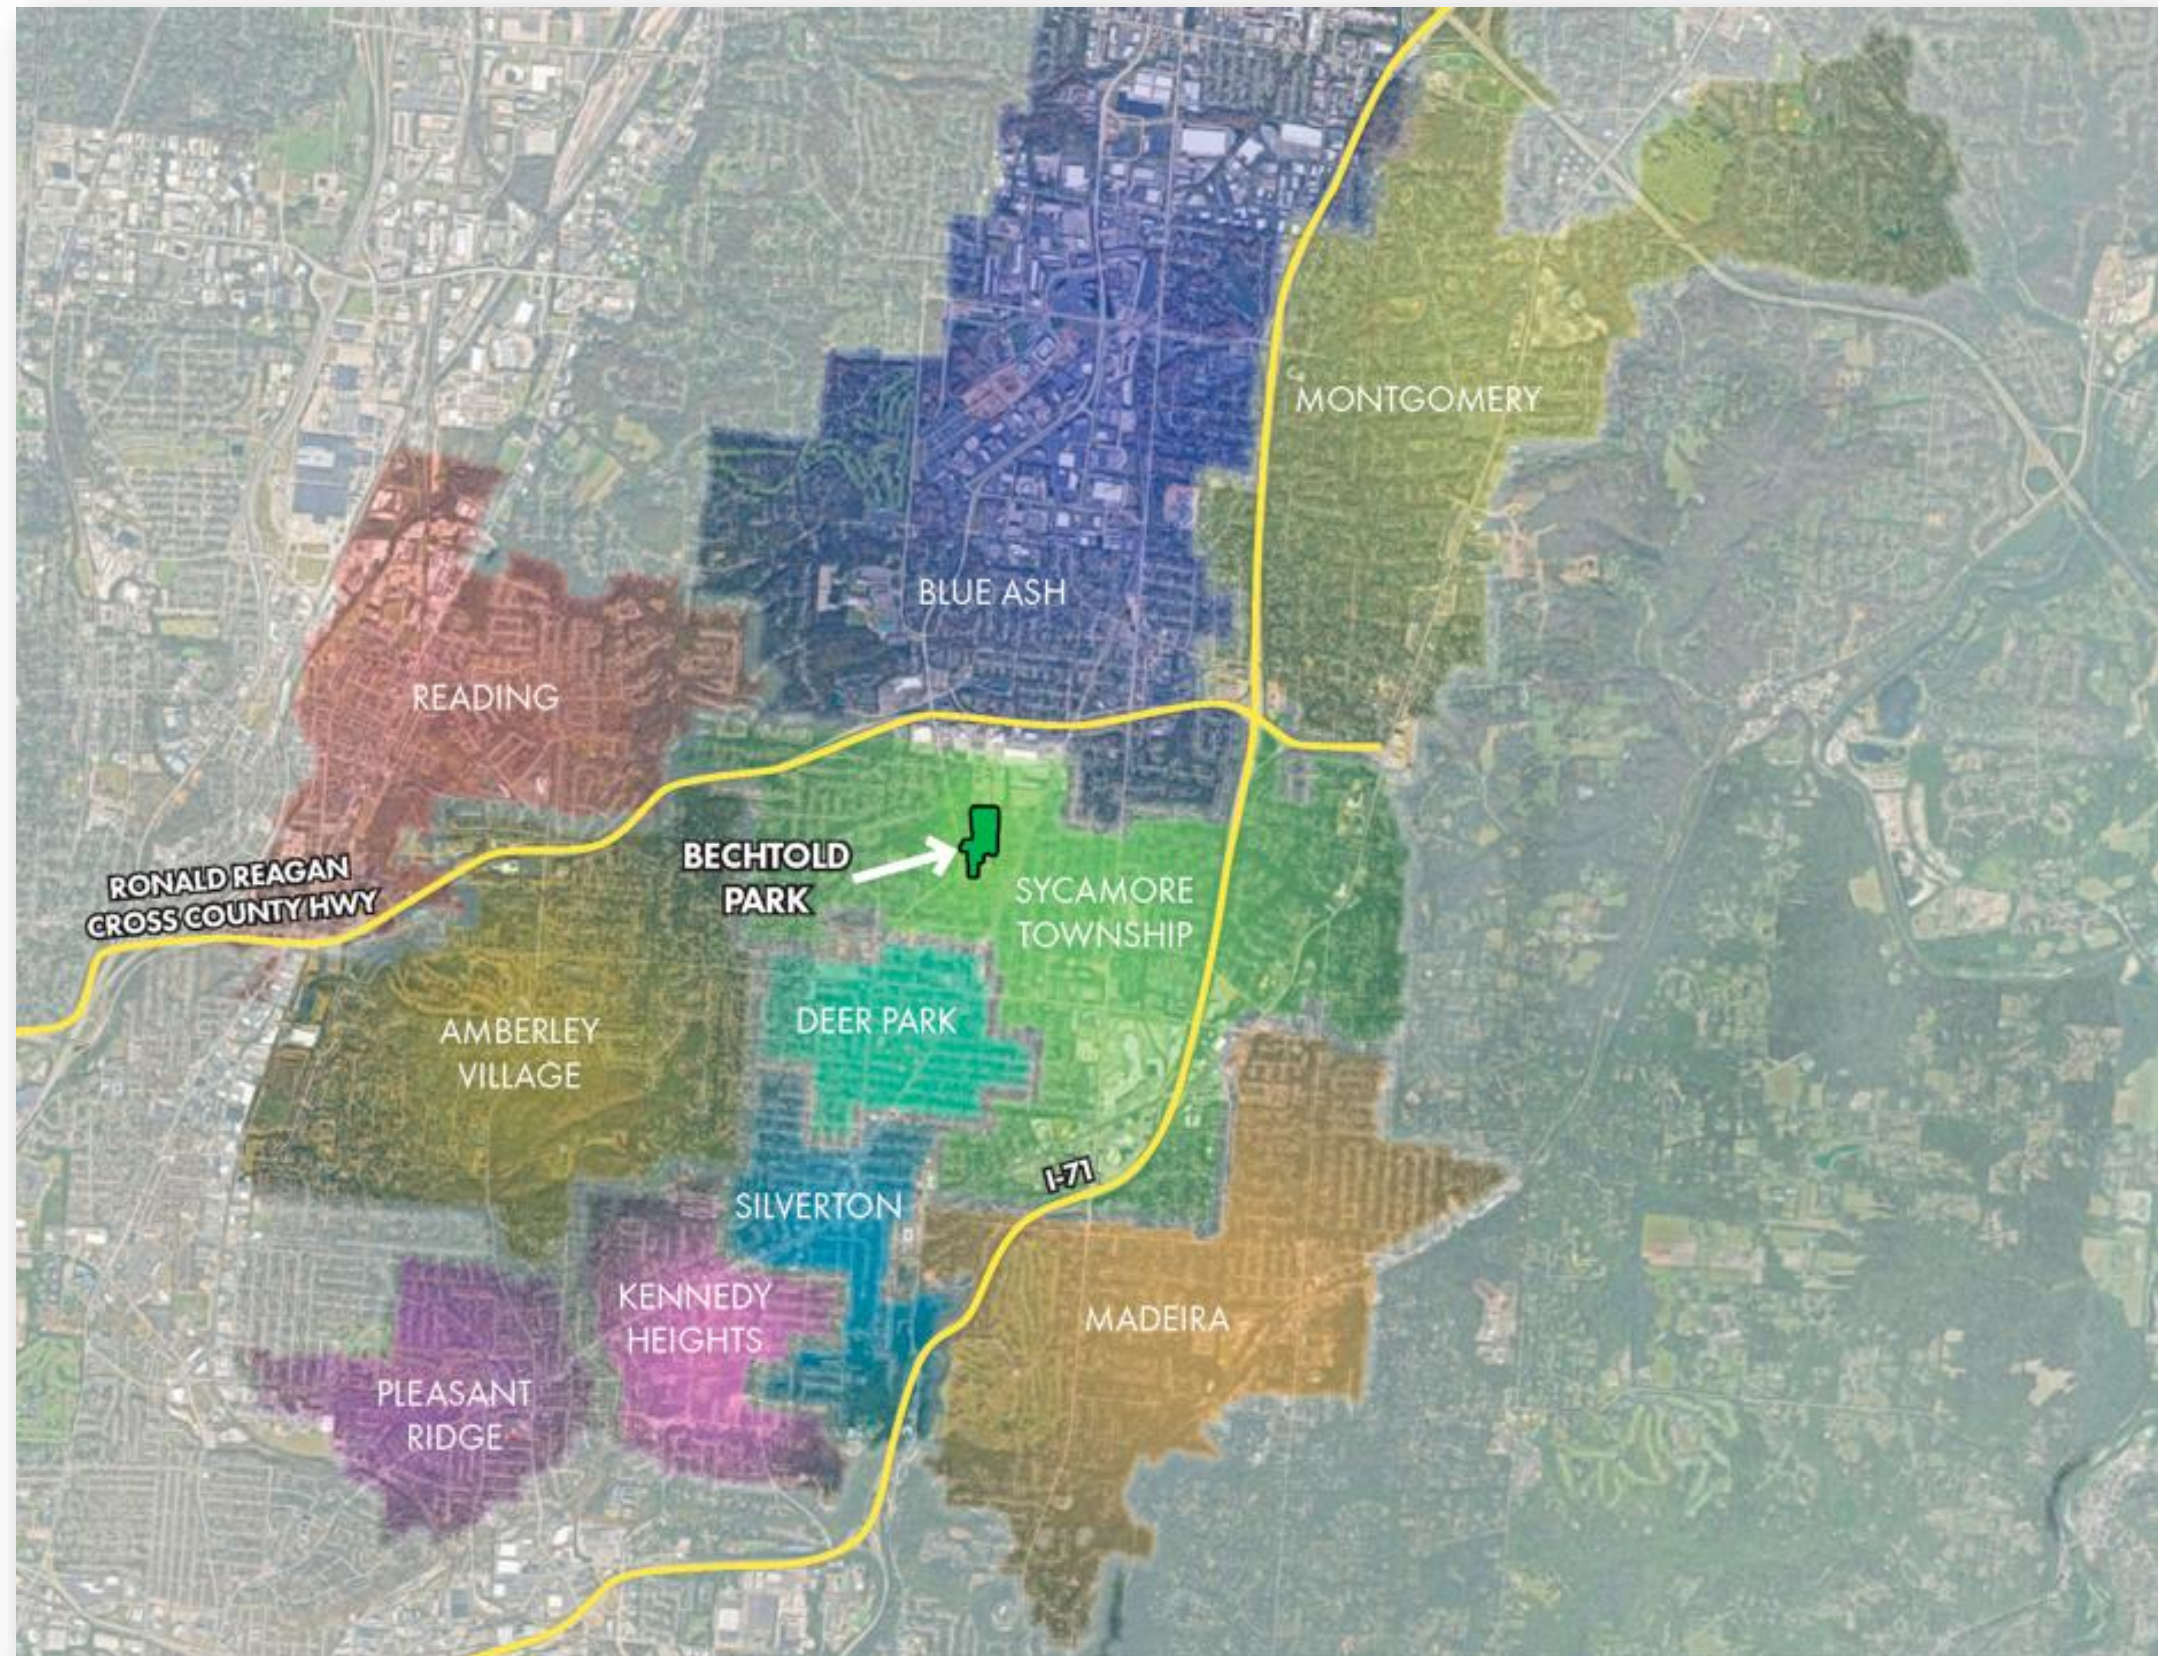

Increased utilization for Bechtold Park because of its connectivity from surrounding neighborhoods via sidewalks, motor vehicles, and Metro Buses.

The highly visible memorial will attract veterans and visitors from all over the region leading to additional revenue for local businesses.

An affordable location for families and friends to memorialize the many Veterans from this region that served our country in the military.

A distinctive community gathering space throughout the year for Veterans, their families, and friends; especially on Memorial Day (multi-jurisdictional parade) & Veterans Day.
